CHARLES UNIVERSITY

Every student of Charles University is required to have a Charles University Student Card (CUSC) in the form of a contactless chip card. The card is a practical tool for everyday life at the university. How does the card work?

- It is an **access card** to CU buildings, including dormitories.
- It is a **charge card** enabling you to eat in CU cafeterias, make use of copy services, and visit university libraries.
- It is **confirmation of studies** so that you can receive a student discount fare for Prague public transport.
- It is a discount card for the University Gift Shop, Karolinum book store or 'U Rotlevů' café in Prague.
- In the case of an ISIC/ALIVE CUSC, the card can be used for discounts.

The card must be collected in person at one of the Charles University Card Service Centres.
