
CU International Student Cards

Colour: Yellow

Authorized holders: International students who study at Charles University within the framework of exchanges, scholarships etc. and/or under international or EU programmes based on inter-governmental or university/faculty partnership agreements ("international student/s").

Students matriculated at Charles University who are enrolled in an accredited CU degree programme taught in Czech or in a foreign language are issued with a [CU Student Card](#) .

Validity: Your CU International Student Card is valid throughout the length of your stay at Charles University; however, maximum validity is three years from the date of issue. The card will be issued after the CU faculty where you have enrolled has entered your data in the Student Information System and provided you with a voucher which you must submit at the card service centre. At the end of your stay the card must be returned to your CU faculty.

Types:

- CU International Student Card
- CU-ISIC International Student Card (only issued to Erasmus students)

*Any international student can only be issued with one CU International Student Card. The holders of CU International Student Cards receive vouchers confirming the validity of the card in the given academic year and the student's enrolment at a particular faculty. The vouchers are normally distributed free of charge by CU faculties. **The voucher is valid from 1 July before the beginning of the academic year printed on it to 31 October following the end of that academic year.** Without a valid voucher, the card cannot be used as proof of CU student status. Some CU faculties may require not only a valid CU card, but also a voucher confirming the student's enrolment at the given faculty to enable the student to access certain buildings and facilities or to use equipment, IT technology and services.*

Cost:

- Free of charge** - CU International Student Card
- Free of charge** - A voucher confirming the validity of the card in the given academic year and the international student's enrolment at a particular faculty
