# **Beware of a false presentation of Charles University in Turkey**

---

Charles University would like to alert potential applicants to the website <http://www.praguniversitesi.com/> and Facebook page <https://www.facebook.com/praguniversitesi> . Both sites attempt to give the impression that they are part of CU's official representation in Turkey. Charles University has not, however, entered into a cooperation agreement with any representatives in this country. The aforementioned websites are not affiliated with CU and are not run under the auspices of the university or with its support.

If you would like to study at Charles University in Prague, please contact the university's Information, Advisory and Social Centre for more details: [ipsc@ruk.cuni.cz](mailto:ipsc@ruk.cuni.cz) , (+420) 224 491 850.
