# Alumni Club

---

The Charles University Alumni Club brings together graduates from all seventeen faculties of our university. We strive to create a platform for mutual communication between the University and its graduates. Through the Charles University Alumni Club, members have the opportunity to meet their friends from their years of study, former teachers or new experts in the field. At the same time, we also support the development of professional contacts, be it for finding a job, entering into cooperation on a project with the University, or between members.

- Meet classmates, friends, and educators
- Continue your education
- Share experiences from your studies and working life
- Help and inspire new graduates
- Help us to build the reputation of our alma mater
