
Program Multiplier Eventu

Multiplier Event je klíčovou součástí projektu WISE (Well-being Innovations for Students in Europe), který si klade za cíl zlepšit duševní zdraví a celkové blaho studentů na univerzitách po celé Evropě. Akce se uskuteční 5.-6. června a je otevřená studentům, zaměstnancům UK a všem zájemcům o tuto problematiku. Jejím hlavním cílem je sdílet inovativní postupy, které již byly úspěšně implementovány na Univerzitě Karlově nebo na jiných univerzitách v zahraničí a podporovat tak osvědčené metody a posilovat studentský well-being v Evropě. Na akci je nutné se registrovat - viz odkaz níže.

The Multiplier Event is a crucial component of the WISE - Well-being Innovations for Students in Europe project, which strives to enhance the mental health and overall well-being of students across European universities. Scheduled to take place on June 5-6, 2023, at the Patriotic Hall of the Rectorate of Charles University, this event is open to students, UK staff, and anyone with an interest in this topic. Its primary objective is to showcase and discuss specific innovative practices that have already been successfully implemented at Charles University or other universities abroad, with the aim of fostering best practices and improving student well-being across Europe. Registration is required for the event - please visit the link below.

Místo konání		Venue
Vlastenecký sál, Rektorát		<i>Hall of Patriots, Rectorate</i>
Ovocný trh 560/5, Praha 1		<i>Ovocný trh 560/5, Prague 1</i>
