Form of mentoring meetings:	Either way, online or offline
Has an experience in:	Academic career
	Link to CV , CV
Previous mentoring experience:	Over the course of my career, I have mentored many students and led them to successful completion of their studies (Bc., Mgr., Ph.D.). All of them have found employment in science and many of them in management positions.
Motivation:	I feel I have enough experience to help young people reflect on their lives and decide what to do next. I spent a long time abroad where I also had students. I enjoy working with young people, discussing with them and listening to their views and supporting their ideas.
Career guidance topics you can discuss with the mentor:	<ul style="list-style-type: none">• Identifying and utilizing one's skill set• Asking essential life questions• Differences between academic and non-academic careers
Research related experience the mentor is ready to share with the mentee:	<ul style="list-style-type: none">• Preparation of scientific publications - how to do it correctly, efficiently, and with quality• Writing popular science articles• Management of science and research in an academic institution• Networking - introducing people in the field
