Forster Summer School 2019 (26th July - 6th August), Germany

The Faculty of Chemistry, Pharmaceutical Sciences, Geography and Geosciences (Johannes Gutenberg University Mainz) is organizing the second Forster Summer School. This event offers Bachelor and Master students the opportunity to establish an international network and participate in interdisciplinary knowledge transfer. They get to know Mainz as a place to study and develop their language and cultural skills. The topic of the upcoming event will be Alexander von Humboldt. In 2019, the year of Humboldt's 250th birthday, the Forster Summer School will systematically analyze and highlight the paths, works and effects of this outstanding researcher, scholar and writer as well as examine connections and cross-connections within the disciplines of our Faculty.

The German Academic Exchange Service DAAD supports the Forster Summer School with providing 15 scholarships for non-German foreign students. The scholarship covers the travel expenses to Mainz (according to the DAAD travel allowances) and partly the accommodation.

Dates: 26th July until 06th August 2019
Registration and more information: <https://www.fb09.uni-mainz.de/forster-summer-school-2019>
Application deadline: 30th April 2019
Participation fee: 99,00 Euro

Summer school in Netherlands - Biomedical Experimentation with Humans: History, Ethics and Social Policy

We would like to inform you about a summer course in research ethics for master and PhD students as well as post-doc researchers interested in ethics of biomedical experimentation involving human beings (Radboud University, Nijmegen, the Netherlands).

This is a course about history, ethics, and policies of biomedical research involving human beings. Students will be introduced to evolution of social attitudes towards research enterprise. We follow the development of research ethics from researcher paternalism, through scandals and tragedies, to the most recent call for learning healthcare systems.

For whom is the course designed: Students or researchers interested in bioethics and particularly in research ethics. Students, PhD candidates, and researchers from diverse background; such as nursing, medicine, philosophy, pharmacy, theology, psychology, public health, and law may consider their participation.

More information is available at the Radboud University website [zde](#)
