
Long-term Plan

The strategic plan for 2016–2020 follows up on the plans adopted in 2004 and 2011, and their updates. The plan reflects the rapidly changing situation in education, research and creative activities, as well as the university's role in the society. It also sets new goals and mission for our Alma Mater for the upcoming years, following up on all good things realized in the past.

Besides the [Long-term Plan](#) , other key policy documents include the [Annual Report](#) , which assesses the fulfilment of the Long-term Plan and its updates, and the [Annual Financial Report](#) , which is an instrument for controlling the financial performance of a higher education institution and the efficiency and expediency with which its resources are managed. The draft Annual Report is submitted by the Rector to the Academic Senate for approval.

A [budget](#) is drawn up by the University for each calendar year. Besides the income generated by the activities of the University, the budget is drawn mainly from contributions and subsidies from the state budget. It is a legal requirement that there should not be a budget deficit.
