Energy analyst, The Environmental Economics and Sociology Department, Charles University Environment Center (24. 5. 2022)

The Environmental Economics and Sociology Department at the Charles University Environment Center (Prague, CZE) is opening several job positions to enrich its interdisciplinary modelling team (see also our other calls). Position available from 1 July 2022 or later upon mutual agreement.

A prospective candidate will be responsible to
- contribute in applying, maintaining and developing one of our in-house tools, namely the energy system partial equilibrium model TIMES-CZ for economic analysis
- analyse the modelling results in particular the impacts on energy use and fuel-mix, technology deployment, investment and O&M costs, and emissions; examine the emission/energy reduction potentials and involved costs; discuss energy trends; provide evidence-based policy recommendations
- undertake quantitative analysis as well as qualitative research to inform and complement the quantitative analysis (incl. literature reviews, monitoring developments in policy),
- prepare reports, policy briefs and scientific publications

Deadline date for applications: 31 August 2022
