Replacement Cards: Personalized CU card - 200 CZK

The card replacement fee is to be paid by the external service user at a card service center regardless of whether the first issuance was paid for by the user or the relevant faculty or department. This fee does not apply to replacement due to a change in personal information or a malfunction of the technical features of the card not caused by the holder.

No fee for a replacement card is charged if the external service user presents a report from the Police of the Czech Republic proving the card was stolen.

**Validity of Previously Issued Cards:**

All previously issued CU external user cards used as ID cards expire on 30 June 2007. These cards cannot be reissued starting 1 January 2007. Exceptions may be made via a directive of a faculty dean or a department director for very specific use in cases in which the cards are needed to ensure operation and in which cooperation with the CU Computer Science Center does not result in another feasible solution.

**CU Internal Regulation:**

The use of ID cards at CU is governed by Rector Directive No. 44/2020.
