# Webinar "Study at CU"

---

Would you like to explore what Charles University has to offer? We invite all prospective students, parents and counsellors interested in learning more about the study options at CU to watch **our online webinar Study at CU** (the event took place on November 30, 2021). Besides introducing our study programmes and the university, you have a chance to meet our student ambassadors and hear about their experiences as CU students.

We talked about:

- why to study at Charles University
- study options
- how to apply
- life at CU and student experience
