Dormitories
All Charles University students can live at the CU dormitories. These are located in all our university cities. The prices thus vary according to their locations and room sizes as well. See our overview of living costs for more details.

Current prices

Private accommodation
The prices of private accommodation vary considerably according to their size, occupancy, luxury, and location. However, it is not difficult to find a suitable accommodation in the university cities. See our overview of living costs for more details.

Not all landlords are willing to sign short-term tenancy agreements (for less than 12 months). Still, there are local agencies providing living units especially for such short stays:
