With 17 faculties in three different cities, Charles University does not have one central campus. Instead, the faculties, dorms, and refectories are spread around the city (cities, in fact) and some faculties even have their own little campuses.

**Individual visits**

Given the spatial distribution of our university and the large number of applicants, we are not able to give private tours. Instead, our Centre for Information, Counselling and Social Services (CU Point) offers on-demand information and help to applicants and our current students (both in-person and online). It is always recommended to make an appointment in advance.

Since we are a public institution, prospective students are also welcome to visit and look around the faculty buildings – they are freely open to public. You may also contact the Admissions Office of the respective faculty that you are interested in and inquire about the possibility to meet with them directly or the faculty's students (ambassadors). Moreover, all of our faculties hold their own Open Doors Days usually at some point during winter or spring.

Interested visitors may also enjoy the University Museum, our Botanical Garden and other sightseeing staples (see the left menu for more details or visit a dedicated website).

Please note that all offices and faculties are closed during the weekends.

**Group visits – Welcome tour**

Depending on our current schedule, we are able to offer a welcome tour for interested students and prospective applicants (10–30 people). The tour includes:

- presentation of CU and its study opportunities (about 30 mins long)
- guided tour of Carolinum (main seat of CU) – BOOK SEPARATELY
- visit to the University Museum (The History of CU exhibition)
- short walk through the city centre (Old Town)
- lunch at the refectory (Faculty of Law)
- guided tour of Klementinum (National Library) – BOOK SEPARATELY
- visit to the Botanical Garden (Faculty of Science)

The Welcome tour as described here takes the entire day (10–17) but individual parts may be arranged for separately, depending on your preferences, our staff availability, and tour capacities. The introductory presentation can be customised to fit the needs of individual students and accompanying teachers or counsellors. Please note, that the guided tours of Carolinum and Klementinum require independent booking and are limited by their capacity. For more information and appointments, please contact the international student's advisors from the CU Point well in advance.
