
Martin Margold

Mgr. Martin Margold, Ph.D.

Assistant professor at Department of Physical Geography and Geoecology, Faculty of Science, Charles University

Expertise and focus:	My research interests are in reconstructing the dynamics of past glaciers and ice sheets through the tools of glacial geomorphology and Quaternary geology. In particular, I am interested in the deglaciation dynamics of the North American Ice Sheet Complex and the linkages to global climate during the Late Glacial. I use both remote sensing and field based methods. Geographically, my research focuses on North America but I have also published studies from Europe, Siberia and Antarctica.
Form of mentoring meetings:	Either way, online or offline
Has an experience in:	Academic career
	Link to CV CV

Previous mentoring experience:	I benefitted from this kind of mentoring programme at Durham University, UK, during my postdoctoral stay there. I have also been involved in mentoring of junior researchers within the European Geoscience Union.
Motivation:	I benefitted from this myself and think that I have substantial experience with different academic environments (PhD in Sweden, postdocs in Sweden, UK, and Canada; in total 10 years outside of Czechia) on which to base my mentoring.
Career guidance topics you can discuss with the mentor:	<ul style="list-style-type: none">• Creating a career plan, strategy• Identifying and utilizing one's skill set• Asking essential life questions• Navigating the job market, employment opportunities
Research related experience the mentor is ready to share with the mentee:	<ul style="list-style-type: none">• Preparation of scientific publications - how to do it correctly, efficiently, and with quality• Grant writing process, grant application consultation• Consultation on preparation for a job interview• Utilizing the potential of international internships, conferences, etc.• Path to an academic position abroad• Navigating the job market in the sector I operate in
