# **ID Cards: News for Academic Year 2024/2025**

---

We would like to introduce you to some new features regarding the use of Charles University cards with ISIC, ITIC, and Alive licenses, provided in the Czech Republic by GTS Alive, s.r.o., as the new academic year begins. This is particularly another step in the long-term digitalization process, which relates to the digital revalidation (extension of validity) of the license.

Would you like to extend or arrange one of the mentioned licenses? Specific information can be found under the individual buttons.
