# MCAA KRAKOW ANNUAL POLAND CONFERENCE & GENERAL MARCH 21-22 ASSEMBLY 2025

## MARIE CURIE ALUMNI ASSOCIATION

Association internationale sans but lucratif  
Avenue des Arts 24  
1000 Bruxelles, Belgium

March 10, 2025

**Join the MCAA Annual Conference—register now!** Dear MSCA fellows and coordinators, On behalf of the Marie Curie

Alumni Association (MCAA), we are pleased to invite you to its flagship event, [the](#)

[MCAA Annual Conference 2025](#), which will be held in Krakow, Poland, and online on **March 21–22, 2025**.

The theme of this year's conference is "Research and innovation in a rapidly evolving world," highlighting the crucial role of science, innovation, and continuous learning in today's quickly changing society. **Hundreds of participants from diverse backgrounds** are expected to attend the conference, including researchers, policymakers and advisors, research managers, academic leaders, and experts from the industry and the non-profit sector. Registration is open to both MCAA members and non-members until March 17 [here](#). If you are not yet a member of the MCAA, you can **join**

**the Association for free** to enjoy its multiple benefits. The

MCAA is the **alumni association of current and former MSCA beneficiaries**, offering opportunities for learning, training and peer exchange to the MSCA community. The MCAA currently has **over 22,000 members from 155 countries**, with a total of 37 regional and national Chapters across the globe. With 11 Working Groups specialised in topics like research management, career development, bridging science and business, and policy, the MCAA is also a platform for connecting an extensive network of researchers interested in topics relevant to the international R&I community. **Join the Association for free** [here](#). For more information about the Association, please visit the [MCAA website](#).

Best regards,

Gian Maria Greco  
Chair of the Marie Curie Alumni Association
