Form of mentoring meetings:	Either way, online or offline
Has an experience in:	Academic career
	Link to CV

Previous mentoring experience:	
Motivation:	I consider it a meaningful opportunity to contribute to a supportive academic environment. Throughout my career, I have been lucky to be surrounded by supporting colleagues, and I am fully aware of the impact such support has had on my career. I also recognise that many early-career academics often face important decisions in isolation. Having gained valuable experience over the years, I feel a strong responsibility to share this knowledge and to support, especially women in their careers.
Career guidance topics you can discuss with the mentor:	<ul style="list-style-type: none">• Creating a career plan, strategy• Differences between academic and non-academic careers
Research related experience the mentor is ready to share with the mentee:	<ul style="list-style-type: none">• Preparation of scientific publications - how to do it correctly, efficiently, and with quality• Writing popular science articles• Grant writing process, grant application consultation• Management of science and research in an academic institution• Innovative teaching methods• Networking - introducing people in the field• Participating in events together with a mentee (conferences, symposia, fairs, etc.)• Utilizing the potential of international internships, conferences, etc.
