
Students with Specific Needs

Supplementary Scholarship for Students with special needs and Limited Opportunities

Through Erasmus, almost 2,000 students go abroad from Charles University every year. One of the main priorities of the programme is an **individual approach and respect for the specific needs** of each applicant, whether they are disadvantaged from a health, physical, mental or socio-economic perspective. The most important thing is that applicants have the desire and determination to go abroad.

Groups of students who are eligible for a Supplementary Scholarship:

- Students with physical/health/mental handicaps
- Economically disadvantaged students
- Students with children
- Students with dietary restrictions
- Student who are recipients of an orphan's pension
