International Scholarship Programmes

Students of Charles University may also undertake mobility within international programmes administered primarily by the Czech National Agency for International Education and Research (Dům zahraniční spolupráce). These programmes are generally linked to **specific countries** and **provide financial support** for the implementation of individual projects or mobility activities.

Below you will find an overview of the **most popular programmes**. For further opportunities and more detailed information, we recommend following the website of Czech National Agency for International Education and Research or subscribing to its newsletter. These programmes are also shared on the Charles Abroad website together with other opportunities. There, you may subscribe to updates based on your degree level and field of study and receive information tailored to you directly by email.
