## IMPORTANT NOTE FOR FUTURE STUDENTS OF FACULTY OF SOCIAL SCIENCES, FACULTY OF MATHEMATICS AND PHYSICS AND FACULTY OF HUMANITIES:

The best place to look for classes at the Faculty of Social Sciences, Faculty of Mathematics and Physics and Faculty of Humanities is the search engine in the Charles University's Student Information System (SIS), which includes a search engine here: <http://is.cuni.cz/eng/studium>. Please note, however, that this system includes classes from ALL the faculties of Charles University, taught in ALL languages, and that also classes taught in Czech are listed here. So please make sure you always choose "Faculty of Social Sciences" or "Faculty of Mathematics and Physics" or "Faculty of Humanities" from the drop-down box, and always double-check the language of instruction and the semester in the course description.

Please, note that the Student Information System does NOT include the full list of subjects taught in foreign languages at other faculties of the Charles University! If you are nominated to study at any other faculty than the three faculties mentioned here, use the faculty website (indicated above) to search for suitable subjects. 85-90% of subjects taught in foreign languages is repeated yearly.

## Czech Language Courses

Most faculties offer a number of Czech language classes at various levels, from beginners to intermediate. Incoming students are welcome to register for these. However, because the classes are not part of the standard curriculum, they are not financed by the Czech Ministry of Education. Some faculties therefore can make a small charge to cover their costs. For details of different courses please contact the course/faculty co-ordinators:
