On this website, you will find all the information to help you make one of the biggest decisions in your life – choose the right university.

Charles University has a long tradition of being the knowledge hub of Central Europe. We are the oldest university here and the biggest one in Czechia, spanning 3 different cities. Our students are not separated from everyday life since we don’t have a single centralised campus. Instead, they can freely partake in the public or cultural life and become active members of the society. From over 50,000 students, more than 20% are international. Just in our 200 degree programmes in English, we have almost 5,000 students from 130 countries. Remaining half of our international students chose to study in Czech language.

Learn more about Charles University

What studies are you looking for?

Join our diverse international community of students and academics and become part of a world-renowned research institution at the heart of Europe. CU comprises 17 faculties and offers almost 600 full degree study programmes. Those in English, German, Russian, or French languages are all with accessible tuition fees. And our programmes in Czech are all completely tuition free.

Charles University provides opportunities for applicants at every stage of educational journey. We regularly organise a variety of summer and winter schools or lifelong education programmes in two main categories: general-interest and professional programmes. These include everything from language and preparatory courses to specialisation trainings and continuing education for medical professionals, lawyers, and teachers.
