## Expertise in Longevity and Long-term Care

The CELLO?ILC is specialised interdisciplinary research centre focused on longevity and aging?related issues with emphasis on applied research, public policies and policy?oriented research, and evidence?based practice in the management and delivery of long?term care and support services. Recently, the Centre implemented several research and development projects for the Czech Government (Ministry of Health) and for the regional governments. It is a member of the Global Alliance of International Longevity Centres. The CELLO co?operates with international organisations (WHO, EUGMS, INTERDEM, Alzheimer Europe, Eurocarers, etc.) and participates in international projects (ELTECA, FRAM, INNOVAGE, PALLIARE, INDUCT etc.).

### Selected outputs:

- VAŇKOVÁ H., Holmerová I., Machacová K., Veleta P., Volicer L., Celko A.M. *The Effect of Dance on Depressive Symptoms in Nursing Home Residents*. JAMDA. 2014;15(8): 582–58.
