Welcome

We wish you a warm welcome to Charles University and hope that you will have an enjoyable and enriching experience as a student here. We hope that coming to study at Charles University will be an exciting experience with opportunities to broaden your academic, social and cultural horizons.

This booklet has been designed primarily for international students who are coming to study at Charles University as exchange or full-degree students. This brochure contains information about Charles University, its faculties, university accommodation and other services. You will also find here some tips for leisure activities. We believe you will find this information useful.

Legal Conditions for International Students

Students who are not Czech citizens must meet the immigration requirements of the Czech Republic.

OFFICIAL INFORMATION RESOURCES

In the Czech Republic, the administration of visas and residence permits is divided between the Ministry of the Interior (MOI), which handles foreign nationals already residing in the Czech Republic (go there if you come to the CR with a single entry visa for the purpose of collecting a residence permit or a long-term visa for the stay of over 90 days - code D), and the Ministry of Foreign Affairs (MFA), which runs the consular service at the Embassy where you will be making your initial visa application (go there if you come to the CR as a tourist with a short-term visa for the stay of up to 90 days – code C).

Both ministries have extensive English-language information pages regarding visas and immigration, and we recommend that you read them before starting the whole visa process.

The most important websites for student visa applicants are as follows:

- MOI: General Immigration Information
- MOI: Specific Immigration Information for Schools and Students (includes links for Visa and Residence Permit pages)
- MOI: Downloadable Visa Application Forms
- MOI: Immigration Portal
- MFA: Downloadable Visa Application Forms
- MFA: Entry and Residence Information from the Point of View of the Consulate
- MFA: List of Czech Diplomatic Missions Abroad (use this to find your local consulate and any local rules they may have)
- QUICK´N´SIMPLE Presentation (introduction of main residence obligations of the students)
CITIZENS OF THE EU, ICELAND, LIECHTENSTEIN, NORWAY OR SWITZERLAND

Students who are EU or EEA nationals (i.e. citizens of the 27 EU member states, and Norway, Iceland, Liechtenstein, Switzerland) DO NOT require a visa to study here. It is enough to arrive with a valid passport (or national ID card). If they intend to stay in the Czech Republic for longer than 3 months, they can request a certificate of temporary residence or a permanent residence permit to be issued.

Upon arrival

All EU students are obliged to register with the appropriate Foreign Police Department within 30 days of arrival in case that the length of the intended stay in the Czech Republic is longer than 30 days. However, it is not necessary if it has been done by the accommodation provider (e.g. Student’s residence hall, hostel, hotel etc.). Students from the EU, Iceland, Norway, Liechtenstein, or Switzerland are also bound to report the change of surname, marital status, changes in data contained in the residence card (i.e. certificate of temporary residence or permanent residence permit). For stays without any residence card, these changes are to be reported to the Foreign Police (link above). If any residence permit/certificate was issued, changes are reported to the Ministry of Interior (MOI - scroll down for “STUDENTS WORKPLACE”). Students who have been issued a residence card are obliged to return the card before ending their stay in the CR.

NON-EU/EEA STUDENTS/ THIRD COUNTRY NATIONALS

Students from outside the EU or EFTA (so-called “third-country nationals”) DO require a visa or a residence permit to study in the Czech Republic. Although some minor exemptions apply (in particular for students from countries with a short-term visa waiver, whose total stay will last less than 90 days), in most cases a visa (or residence permit) will be necessary. Visas and residence permits are issued at Czech consulates in your country of origin (and/or country of residence), and must be obtained before coming to Prague. It is not possible to apply for a visa after your arrival, or even to pick up a visa you have previously applied for. Processing times can be up to 90 days. We therefore strongly recommend all applicants to contact the Czech consulate in greater advance.

A foreign national located outside of the Czech Republic who intends to study in the Czech Republic or take part in other educational activities for
a period shorter than 3 months applies at a relevant embassy for a Schengen (short-term) visa for the purpose of studies or for the purpose of “other”, that is if he/she has a visa requirement for stays of up to 3 months. Foreign nationals who do not need a visa to enter the Czech Republic/Schengen area do not have to apply for a visa for the purposes of studies shorter than 3 months.

List of states whose citizens are exempt from the visa requirement for travel to the Schengen Area is available here. Visa exemptions apply only to short stays up to 90 days of non-profit nature.

Long-term visa or a long-term or permanent residence permit applicants file their applications at the diplomatic mission of the Czech Republic in the state where they reside on a long-term basis – i.e. in the state of which they are either citizens or holders of a passport or a long-term residence permit. Exception from this consular territorial competence rule applies only to citizens of states listed here.

LONG-TERM VISA OR RESIDENCE PERMIT?

Under current Czech immigration law, you can apply for two different kinds of immigration document at the consulate before you come to Prague – Long-term visa or Long-term residence permit. Each has its advantages and disadvantages, which you can discuss in more detail at the consulate. Both the long-term visa and the long-term residence permit are issued when the stay on the territory of the Czech Republic is expected to exceed 3 months. In general, the long-term visa is primarily intended for persons who expect to stay in the Czech Republic for several months – for example study program lasting several months etc. Long-term residence permit is primarily intended for persons who expect a longer stay in the Czech Republic, for example study in a university program, employment etc.

Upon arrival

All non-EU (and non-EEA) students are legally obliged to register with the Foreign Police within 3 days after the arrival, if it has not been done by the accommodation provider (e.g. Student’s residence hall, hostel, hotel etc.) Students who applied for a long-term (or permanent) residence permit at a Czech Embassy and received a visa in their passport for 1 entry may also perform the obligation of registration to the Ministry of the Interior (MOI) within 3 working days to provide biometric data. WORK

Many students work and study at the same time. Having a part-time job or a summer job is very common in the Czech Republic. There are working options for international students as well, just be prepared that the job offers may be limited due to the fact that most jobs require fluency in the Czech language. However, there are many international companies operating in big cities, where your ability to speak or understand various languages can be a plus.

MINIMUM MONTHLY WAGE

Minimum monthly wage in the Czech Republic is **13,350 CZK** since January 1, 2019. Average rate for part-time jobs is around **100-200 CZK** per hour, depending on type of job. For current exchange rates click [here](#). For more information, see also this website: [https://www.studyin.cz/live-work/work/](https://www.studyin.cz/live-work/work/)

EU/EEA OR SWITZERLAND CITIZENS

A citizen of the EU/EEA country and Switzerland or his or her family member does not need an employment permit, Employee Card or Blue Card to be employed in the territory of the Czech Republic. These workers have the same legal status as citizens of the Czech Republic, as the country is a member of the European Union. [More information](#)

NON-EU/EEA STUDENTS/ THIRD COUNTRY NATIONALS

If you are a third country citizen, you are **allowed to work while studying**, but please bear in mind that you are in the Czech Republic with a study visa for study purposes, therefore paid work cannot be your primary occupation during your stay. **Your work must not affect your studies.**

Third country students who are studying in a full-time (daily) form of studies in a degree programme accredited by the Ministry of Education, Youth and Sports in the Czech Republic do not need an employment permit. The employer is only obliged to notify the relevant regional office of the Public Employment Service of the start of your work.

Third country students who came for a temporary study stay in the Czech Republic, are allowed to work without an employment permit only if they are **up to the age of 26** and **their performance of work does not**
exceed 7 consecutive calendar days or a total of 30 days within a calendar year.

In all other cases, the citizens who do not come from EU/EEA countries or Switzerland, may be employed in the Czech Republic only if they have obtained an employment permit and a residence permit, or an Employee Card or a Blue Card (both cards combines a work permit and residence permit in one document). The local Employment Office shall always be the relevant one for issuing the employment permit. The procedure of application for such a permit is described here. The work permit is issued for a definite period of time, the maximum of two years, however; a foreigner may even apply for an employment permit repeatedly. Please note, that the work permit is only valid for the employment with the employer specified in the decision; this also applies to the type and place of work.

If you are a third country citizen, you obtained your university education in the Czech Republic, you had already finished your studies, and you want to stay in the Czech Republic to work, you have to apply for an employee card. Foreign nationals who have obtained university education in the Czech Republic have free access to the labour market. In this case the employee card serves merely as a long-term residence permit where the purpose of the foreign national's stay (longer than 3 months) is employment.

CULTURAL SHOCK

Leaving home and travelling to study in a different country is an exciting challenge but it can be a stressful experience. Almost everyone experiences "cultural shock" to some extent. Cultural shock is a term used to describe the disorientation and frustration many people experience when they enter a culture different from their own. It includes the shock of new unfamiliar environment, meeting a lot of new people who speak a foreign language and finding out that things are done differently. Separation from your family and close friends is also an important factor.

Cultural shock can be expressed in a variety of ways. Symptoms may be both physical and psychological, such as: feelings of sadness, loneliness, physical aches and pains, insomnia or the desire to sleep a lot, feeling vulnerable, anger, etc. People who are experiencing culture shock complain about all aspects of life - the food, the weather, the people, and they idealize their own home country. Many who experience it do not even realize that they are suffering from it; people often do not fully understand culture shock until they return to their home country, when they are surprised to see their own country from another viewpoint.

The process of personal adaptation to a new environment has several stages which have different length by each individual:

1. **Excitement** (sometimes called a Honeymoon Period)
   Everything is new and exciting. You find everything interesting and people seem to be friendly.

2. **Crisis**
   Everything is difficult and confusing. You feel homesick and isolated and complain about the new country. This is the stage we hear referred to as “culture shock.”

3. **Adjustment** (turning point)
   You feel more confident and relaxed. Customs and traditions become clearer; the culture in general seems more familiar.
4. **Integration**

You have recognized that the new culture has much to offer. You find differences valuable and important. You are able to function in both cultures with confidence.

It is important to realize that cultural shock is quite normal and temporary. However, here are some things that might help you to minimize those effects:

- Obtain as much information about the country, people and culture as possible
- Keep in mind that this is a normal experience
- Keep in touch with your family and friends
- Have familiar things around you that have a personal meaning
- Make friends with local students and other international students
- Talk to people in your department and/or faculty
- Contact the Charles University International Club ([www.esncupprague.cz](http://www.esncupprague.cz))
- Play sports, go to the cinema, relax
- You might also consider contacting the Psychological Counselling Centre for International Students

Even though cultural shock may be a very tiresome period, it also has positive effects. Studying abroad can be a significant learning experience. You will meet many new people, make new friends and see your own culture from a new perspective. You might even find a great many customs, ways of doing and saying things, and personal attitudes which you will enjoy and miss after you get back home.

**PRAGUE**

**GETTING TO PRAGUE BY AIR**

Prague has only one international airport – **Letiště Václava Havla Praha (Václav Havel Airport Prague)**, which is located in the north-west of the city, about 17 km from the city centre. The airport has no metro or train connection with the city centre and is only served by buses and taxis.
**Bus Line No. 100**
a special fast and frequent service – connects the airport with the **Zličín metro station (yellow line B)** from which you can get directly into the centre of Prague.

**Bus Line No. 119**
connects the airport with the metro station **Nádraží Veleslavín - green line A**. Tickets are sold by the Visitor Centre, Prague Public Transit Company counters at Arrival Halls, or available from ticket machines located around Arrival halls and directly at the bus stops.

**Bus Line No. 191**
travels via metro stations **Petřiny (green line A)** and **Anděl (yellow line B)**.

**Bus Airport Express**
travels to the **Prague Main Train Station** (35 minutes). Tickets are available at the driver for 60 CZK (luggage is included).

**Night Bus No. 910**
connects the airport with the metro stations **Petřiny (green line A)** and **I. P. Pavlova (red line C)**.

**Public Shuttle Bus**
to the city centre (**a kiosk at Národní 40, Prague 1, close to the Wenceslav Square and metro lines A and B - station Můstek**) departs at 30-minute intervals. Transport of two pieces of standard luggage per person is included in the price (CZK 140) and travel time is approximately 30 minutes. This service is available only on a pre-booking basis: [http://www.prague-airport-shuttle.cz/public-shuttle-bus/](http://www.prague-airport-shuttle.cz/public-shuttle-bus/), tel.: +420-800-870-888.

More information on **Letiště Václava Havla Praha** and flight timetables is available on the website of the Czech Airports Authority at: [http://www.prg.aero/en/](http://www.prg.aero/en/)
GETTING TO PRAGUE BY TRAIN

The Czech Republic has one of the most extensive railway networks in Europe. You can reach almost every small town by rail and trains are indeed a romantic way of travelling around the country. However, travel can be rather slow, often involving several changes. The quickest way of travelling along the major lines is on express trains or fast trains (called *rychlík* in Czech). Local passenger trains (in Czech: *osobní vlaky*) make more stops. Direct rail links connect Prague with more than 20 European cities, including Munich (journey time – 5 hours), Vienna (journey time is 4 hours 30 minutes), Berlin (journey time – 5 hours 30 minutes). Seat reservations are strongly recommended on all services.

International trains (EC, IC) arrive at two railway stations in Prague:

- **Praha - Hlavní nádraží** (The Main Railway Station)
- **Praha - Holešovice** (Holesovice Railway Station)

Both are situated in the centre of Prague, near a metro station (red line C).

GETTING TO PRAGUE BY BUS

The Czech Republic has connections from/to major European cities several times a day. International buses usually arrive at the Main Bus Station Florenc (metro station: Florenc, yellow line B and red line C).

Other major bus terminals are as follows:

- Bus station **Na Knížecí** – metro yellow line B, Anděl stop
- Bus station **Holešovice ČSAD** – metro red line C, Nádraží Holešovice stop
- Bus station **Roztyly** – metro red line C, Roztyly stop
- Bus station **Želivského** – metro green line A, Želivského stop
- Bus station **Černý Most** – metro line yellow line B, Černý Most stop

All these bus terminals are easily accessible by metro (the name of the stop usually corresponds with the name of the terminal).

PRAGUE PUBLIC TRANSPORT

Prague public transport system consists of the metro, trams, city buses and the funicular to Petřín.

The metro (subway) is very cheap, efficient and fast. The Prague metro system consists of 3 lines (green line A, yellow line B, red line C) with transfer metro stations Muzeum (A–C), Můstek (A–B), and Florenc (B–C). The metro operates daily between 5.00 and 24.00. Trains leave stations every 2–4 minutes during rush hours on working days, otherwise every 4–10 min.

Trams operate between 5.00 and 24.00. The average interval between most trams is app. 8 minutes during rush hours on working days; otherwise every 10 minutes. During weekends the trams leave every 7–10 min. A single interval of 30 minutes applies to night service (24.00–4.30). Lazarská stop is the central transfer point for all night trams.

The interval between most buses is 5–15 min from Monday to Friday during rush hours. Otherwise the buses leave every 10–20 minutes in the morning and 15–30 minutes in the evening. Weekend intervals are 10–30 minutes. Night buses leave every 30–60 minutes depending on the line number.

The funicular (in Czech: lanovka) to Petřín (Petrin Hill) operates daily 9.00–23.30 (from November to March 9.00–23.20). It runs every 10 minutes in the summer season (from April to October) and every 15 minutes in winter season (from November to March).

Tickets may be purchased at ticket vending machines, which are installed at all metro stations and at surface transport stops and are designed to provide single tickets. Selected tobacconists and shops also sell individual tickets.

Please note that the ticket has to be validated (stamped) upon entering a metro station or the tram or bus (only the first time, no stamping on transfers needed). Keep the ticket until you exit the metro station since inspectors may check the tickets even after you have left the train!

In cooperation with all mobile operators, the Prague Transit provides passengers with an SMS ticket service, making it possible to purchase a single transfer ticket using a mobile phone. Customers wanting to purchase an SMS ticket must have unblocked Premium SMS services (these can be activated free of charge by calling the operator’s help line). More information on how to purchase SMS tickets is available here: https://www.dpp.cz/en/ticket-sales/. You can also buy tickets using the mobile application PID Lítačka or inside every tram (only by contactless credit/debit card).

Sales points in the metro usually have a complete selection of tickets, especially monthly and quarterly passes and 30-day and 90 day passes with an arbitrary start dates, which can also be purchased in an electronic form on the smart card (Lítačka) (further information is available here: https://www.pidlitacka.cz/home). Electronic passes are sold only at selected sales points.

Monthly and quarterly transit passes with an arbitrary start of validity can be recorded on (anonymous) smart card at all Prague Integrated Transit sales locations.

Passes are valid for unlimited travel on any bus, tram or metro line throughout the Prague city area. They are also valid on some suburban train routes up to the city boundary.

Further information on Prague Transport is available on this website: http://www.dpp.cz/en

TAXI

Unfortunately, taxi drivers in Prague do not have a good reputation. There is no standard price for taxi services but drivers are required to display their prices, usually on the door. A reasonable price is CZK 25 per km, but it is a good idea to agree on a price before you commit to a ride, and be sure that
the meter is running while you are in the taxi. Usually reliable companies whose dispatchers speak English are **AAA Radiotaxi** (tel: +420 222 333 222), **Profi Taxi** (tel: +420 261 314 151) and **Halo Taxi** (tel: +420 244 114 411).

**CAR RENTAL**

See the booking engine for the CR and Europe: [http://www.myczechrepublic.com/car-rental](http://www.myczechrepublic.com/car-rental)

**PILSEN**

**GETTING TO PILSEN**

*By train*

Fast trains and EC trains connect Pilsen with Prague several times a day. The trains depart from **Praha - Hlavní nádraží (The Prague Main Station)** and arrive at **Plzeň - Hlavní nádraží (The Pilsen Main Station)**. The ride takes from 90 to 135 minutes approximately (depending on the type of the train).

*By bus*

The main bus station in Prague is situated near the metro station **Florenc (metro line B and C)**. There are several buses going to Pilsen from there every day. Another option is the final stop of metro (line B) **Zličín**. The bus ride takes approximately 60 minutes.

**PILSEN PUBLIC TRANSPORT**

Pilsen has an extensive city transportation network consisting of trams, trolleybuses and buses. Single tickets can be purchased at most newspapers stands and tobacconist’s shops. The ticket must be stamped (validated) in the tram, trolleybus or bus upon entering. The schedules are posted at each stop.
Everyone riding on Pilsen’s municipal transportation network can also buy tickets by simply sending a text message from a cell phone. More information on how to purchase SMS tickets is available here: http://www.pmdp.eu/information/sms-ticket/

**Taxi**

Within the city of Pilsen, there are price regulations which specify the maximum taxi rates. The registration number and pricelist must be displayed on both front doors of the cab. The customer has the right to obtain a proper receipt from the taxi driver. The usual tip is about 10 percent. There is a taxi stand in front of the main railway station.

**HRADEC KRÁLOVÉ**

**GETTING TO HRADEC KRÁLOVÉ**

**By train**

There are several direct trains departing from Prague (Praha – Hlavní nádraží and Praha – Holešovice) to Hradec Králové every day.

**By bus**

Take a bus from the bus stations Florenc (metro line B and C) or Černý most (metro line B).

It takes about 90 minutes by either train or bus to Hradec Králové. Both the railway station as well as the bus station in Hradec Králové are right in the centre of the town, opposite to Hotel Amber.

**PUBLIC TRANSPORT IN HRADEC KRÁLOVÉ**

It is very convenient to use public transport in Hradec Králové. The public transport network consists of buses and trolleybuses and covers the whole town. A single (paper) ticket costs CZK 20 (within one tariff zone). The City Transport Corporation of Hradec Králové (DP) has introduced a new passenger clearance system – the electronic City Card. Full-time students are eligible for a discount. Students will obtain their City Card (reduced fares) after submitting a written/on-line application at any DP sales point. On the application for the City Card, students also have to present the certificate of studies or valid CU student ID card and their photograph. Reduced fare expiration date will be recorded on the card.
The City Cards may be obtained from the following **ticket offices**:

Charles University

PAST AND PRESENT

Charles University (CU) was founded in 1348. Thanks to Charles IV’s foresight and his good relations with Pope Clement VI, the newly founded university had four faculties – faculty of theology, law, medicine and arts – a pattern which corresponded to medieval concepts of a great university. Over the centuries, CU has experienced periods of great success as well as times of trouble and decline, similarly to other universities.

Today, Charles University consists of seventeen quite independent and self-governing faculties located in Prague, Pilsen and Hradec Králové. The faculties educate over 50,000 students. Over 8,000 international students come to Charles University to obtain their degree. Teaching and research is carried out by hundreds of specialists in various disciplines ranging from humanities to medicine and natural sciences. The prime purpose of Charles University is the diffusion of learning and protection of acquired knowledge, cultivation of free thought, independent academic research and arts, and encouragement of the free creative spirit of human society.

Charles University is a member of many international organizations and university networks, such as: EAIE (European Association for International Education), UNICA (Network of Universities from the Capitals of Europe), DRC (Danube Rectors Conference), OECD/IMHE (Programme on Institutional Management in Higher Education), IAU (International Association of Universities), EUA (European University Association), 4EU+ (European University Alliance), Coimbra Group and Europaeum Common Fund. Besides, CU has exchange and collaborative partnerships with institutions of higher education worldwide. It has a growing network of partnerships with universities and colleges around the world, supporting student and academic staff exchange, and working on joint courses and collaborative research.
Study programmes at CU are organized in the regular full-time study form rather than in the part-time form of study. The CU provides all types of study programmes – bachelor’s, master’s and doctoral. Master’s study programmes are the main type of study at all faculties of Charles University. Doctoral study programmes are organized by the CU in collaboration with experts from outside the University, especially from the Academy of Sciences of the Czech Republic.

The Times Higher Education World University Rankings for 2018–2019 ranked Charles University in 401th place among its five hundred ranked universities, making it the only Czech university to feature in the top five hundred.

The Academic Ranking of World Universities: the “Shanghai League”, which every year compares more than 1,000 of the world’s best universities (selected from a total of over 17,000 institutions), has repeatedly included Charles University in the third hundred, i.e. among the 2 per cent top universities in the world and one of the 100 best universities in Europe.

**MANAGEMENT AND STRUCTURE**

Charles University is led by the Rector, prof. MUDr. Tomáš Zima, DrSc., MBA. In addition to the Rector, university governance includes several bodies – the Academic Senate and the Research Board. A disciplinary committee would also be a self-governing body, but since all Charles University students are enrolled for study at faculties, no University-wide disciplinary committee has been established. Other University bodies are the Administrative Council and the Bursar.

**The Rector** is the executive head of the University. He is appointed to this post by the President of the Republic on the basis of a nomination by the Academic Senate of the University, to which he is accountable for the performance of his office. The Rector presents drafts of internal regulations, budgets, fundamental policy documents (long-term plans), evaluations of compliance with plans (annual reports), and other documents and decisions concerning the whole University to the Academic Senate.

**The Academic Senate** of the University is its supreme self-governing representative academic body. According to the law, it must have at least eleven members of whom at least one-third, but not more than one-half, must be students. Members of the Academic Senate of a Czech public higher
education institution are elected in a direct secret ballot by the members of the academic community from their own ranks. The Academic Senate nominates a candidate for Rector to the President of the Republic, approves draft internal regulations, draft budgets, long-term plans, annual reports and other proposals submitted by the Rector. The Senate expresses its position on the Rector’s nomination of members of the University Research Board and of members of the Rector’s Collegium (the Vice-Rectors).

The Research Board of the University is a self-governing academic body with powers applying especially to the research and other creative activities performed by a public higher education institution. The Research Board is chaired by the Rector, who appoints the remaining members subject to approval by the Academic Senate.

The Administrative Council is the body of a higher education institution that supervises the exercise of public interest in the activities of the institution, the observance of legislation and regulations, and the diligent management of University's property and assets. The remit of the Administrative Council primarily involves issuing approval for measures related to the management of property and assets.

The Bursar is the body of a public higher education institution responsible for the finances and internal administration of the institution, who speaks on behalf of the institution within the scope defined by the relevant provision issued by the Rector. The Bursar is appointed by the Rector and is accountable to him for the performance of his office.

In addition to faculties, which are the basic units of the University, and the Rector's Office, Charles University has also further bodies. These are the research institutes and teaching, developmental, economic and information centres as well as special facilities.

Charles University has seventeen faculties which have independent decision-making powers, except for matters which fall within the jurisdiction of Charles University. Each faculty is headed by the Dean, who manages and represents the faculty and negotiates in its name. Each dean is responsible to the academic senate of his or her faculty, and also to the rector to the extent defined by the Statutes of CU.

ACADEMIC CALENDAR
The CU academic year is based on two semesters - winter and summer. Both semesters are followed by examination periods. The particular dates for the current academic year are available on this website:

The number of teaching weeks and the length of the examination period are determined by the dean of the respective faculty. Dates of the Examination period are only recommended to the faculties; they might vary slightly. Therefore, see also the faculty website for the exact dates valid for your faculty.
Academic Calendar 2019/2020 (exact dates depend on individual faculty):

**Winter semester:** October 1, 2019 – February 16, 2020
**Christmas vacation:** December 21, 2019 – January 3, 2020
**Examination period WS:** January 13, 2020 - February 16, 2020

**Summer semester:** February 17, 2020 – September 30, 2020
**Examination period SS:** May 25, 2020 – June 30, 2020 (may be prolonged by dean to September 30, 2020)
**Summer vacation:** July 1, 2020 – August 31, 2020

**EVALUATION AND GRADING SYSTEM**

Study results are measured by examinations, supervised written work, project work or colloquia. Examinations may be written, oral or combined.

*The general grading scale is as follows:*

- **A or 1 (excellent)**: výborně
- **B or 2 (very good)**: velmi dobře
- **C or 3 (good)**: dobře
- **F (fail)**: nevyhověl

Some faculties have a grading system from A (excellent) to F (fail).

Charles University also uses the ECTS (European Credit Transfer System). The ECTS is a credit system based on relative student workload. This involves lectures, practice and self-study, and includes all the work required to prepare for examinations. The basic allocation of academic credits in ECTS is 60 credits per year of studies, i.e., 30 credits per semester. Where a course is completed by a study requirement other than an examination (e.g. course work or a seminar paper), it is not graded, but is recorded as a Zápočet (Credit), with only two possible outcomes: *Pass* or *Fail*.

A Database of Annotations of Subjects at Charles University is available at: https://is.cuni.cz/eng/studium/predmety/index.php?KEY=Az1.

PRIVATE HOUSING

The prices of accommodation vary considerably according to size, occupancy, quality and location. It is not difficult to find private accommodation in our University cities. For a 2-bedroom flat (two rooms and kitchen) situated in the centre of Prague you can pay about CZK 15,000 – 20,000. It can be half as expensive in Pilsen and Hradec Králové.

However, please take into account that it is not so easy to find short-term rentals. Not all landlords are willing to sign tenancy agreements for less than 12 months, but many agencies are providing living units for a short stay (renting a room is in Czech: pronájem pokoje / renting an apartment: pronájem bytu).

CATERING

Charles University has a number of student cafeterias and university canteens at different University locations (Prague, Pilsen and Hradec Králové). CU refectories provide a wide range of meals and snacks at reasonable prices. For more information about catering and refectories at CU, please visit the following website: http://kam.cuni.cz/KAMEN-1.html

The following cafeterias may be convenient for lunch.

**STUDENT ID CARD**  
All Charles University students must have a student photo *ID card* issued by Charles University. Your Charles University ID card is your access key to many University resources such as libraries, computer rooms, canteens etc. Cards may be used as long as you are enrolled at Charles University. The
Student ID Card is a plastic card bearing your photo and ID number, with a barcode on the front.

At first issue, each student will choose either the ID card of CU or the ID card of CU with an ISIC/ALIVE license (International Student Identity Card).

The ISIC/ALIVE card provides a wide range of discounts and special offers on flights, ferries, rental cars, public transport, accommodation, restaurants, shops, museums and cultural attractions (Please note that the number of discounts vary from country to country).

The student ID card is free of charge, the student ID card with ISIC/ALIVE costs 230 CZK. Extension of the ISIC/ALIVE validity (with holographic label) also costs 230 CZK. Replacement of a damaged or lost ID card costs CZK 100 (ID card of CU student with ISIC/ALIVE CZK 330). If you wish to change the ID card for the ID card with ISIC/ALIVE, it will be the same price as in the case of a repeated issue of the ID card.

In order to get a student ID card or your CU identification card go to one of the following student ID centres and bring your passport (or other document of identification) with you:

*opening times may vary during Christmas and summer holidays

Study Rooms and Computing Facilities at CU

The University has several student computer centres, which are located at the faculties. All students have their own email account on the faculty network. (Some faculties issue email accounts to its students automatically; at some you have to contact a designated person in order to receive it. More information may be obtained from the international office of the faculty.)

Karolinum Press

Academic literature and other study aids can be purchased in the specialized shops of the individual faculties and in the central shop of the Charles University Press. The Karolinum Press, the publishing house of Charles University, annually publishes around 250 texts for the use of students.

CU POINT - CENTRE FOR INFORMATION, COUNSELLING AND SOCIAL SERVICES

In 1996, Charles University opened the Centre for Information, Counselling and Social Services (today called the CU Point). The centre offers help and advice to Charles University students, people interested in studying at the University, graduates, staff and visitors to Charles University. The CU Point consists of the following departments: Department of Information Services, Department of Services for Employees and Alumni, and the Carolina Centre
(including the Office for students with special needs). The Centre provides information and arranges various events as well as seminars on studies at CU (degree programmes, non-degree programmes, lifelong education, study abroad programmes, exchange programmes, Czech language courses). It also offers counselling services: career, psychological, social and legal counselling, coaching, services for students with special needs and counselling for international students. You can also get your student ID here or you can use a PC and printing services here.

EU nationals

Students arriving from EU member states should ensure that they request a European health insurance card (EHIC) from their local health authorities before departure from their home countries.

Nationals of E.U. countries who are staying temporarily in the Czech Republic are entitled to receive URGENT necessary medical treatment free of charge. To obtain treatment under the provisions of the European regulation it is important to contact medical institution (doctor, dentist, hospital), which is covered by the contract with the public health insurance system (most of them do - details can be obtained from the health insurance funds).

Your European health insurance card (EHIC) or Provisional certificate has to be submitted to attending physician. If none of the abovementioned documents are presented, the physician can insist on cash payment. The doctor will normally ask you to confirm your expected length of stay in the territory of the Czech Republic and will advise you to choose one of the Czech contracting health insurance funds.
For specialist treatment, you need a referral from a GP. Some extra dental care may be for an extra charge. Prescriptions are issued by a doctor, and may be filled at a pharmacy. You may have to contribute to the cost of your drugs or medicines, and this cost is not refundable. To get hospital treatment, you need a referral from a GP except in cases of emergency when you can go directly to the hospital. Transport to the hospital is covered by the insurance system and is provided free of charge. In case of urgent medical transport or in case of treatment by doctor of emergency service it is also necessary to present your European health insurance card, E111 or Provisional certificate. Please note that non-urgent or elective treatment which can reasonably be postponed until the person’s return to his/her country are not covered, and for these eventualities we recommend you take out extra medical or commercial travel insurance with an insurance provider in your home country.

**Non-EU nationals**

Non-EU students should ensure that they have private medical insurance or they must expect to pay cash for all medical care. We strongly urge all non-EU international students to consult with their medical insurance company prior to travelling abroad to confirm whether their policy applies to the Czech Republic and whether it will cover emergency expenses such as a medical evacuation.

Pharmacies in the Czech Republic

Non-prescription drugs and medicines are sold only in pharmacies. They are not available at supermarkets, as in many West European countries. Pharmacies may be recognized by the prominent green cross displayed over the shop-front. Many have staff that speaks English or German, and are used to offering advice to tourists (especially in the city centres).

Validity of Medical Prescriptions:

- A prescription from emergency service is valid for 24 hours
- A prescription for antibiotics is valid for 5 days
- A prescription for opiates is valid for 3 days
- Other prescriptions are usually valid for two weeks

ČESKÝ KRUMLOV

A medieval town in the charming South Bohemian countryside, situated 170 km from Prague. The town is known as the pearl of Bohemia. In 1992, its historic centre was included on the UNESCO World Cultural and Natural Heritage List. Two national cultural landmarks - the castle and the Gothic church of St. Vitus dominate the town, the castle is the second largest one in the Czech Lands. The mighty renaissance castle - once the seat of powerful of the Rozmberks and the Schwarzenbergs - houses rich collections of period furniture, Flamish tapestries, and historical weapons. You must take a look at the interiors of this splendid castle as well as the old town with romantic lanes and reconstructed medieval houses. In 1993, the Egon Schiele International Cultural Centre was opened here.

HLUBOKÁ NAD VLTAVOU

A town north of České Budějovice with a chateau that is one of the most picturesque and most visited Czech sights. It is located on the site of a former royal castle reconstructed on several occasions, and overlooks the river Vltava. Between 1841 and 1871 it was remodeled in the Neo-Gothic style, inspired by Windsor Castle. Its 140 rooms house rich collections of Flemish tapestries dating back to the 17th century, as well as weapons, portraits, period furniture, glass and china. The former riding school has been adapted
as the Alsova South Bohemian Gallery, containing valuable collections of Gothic and modern art. A romantic park with many rare trees surrounds the chateau.

KARLOVY VARY (KARLSBAD)
The famous spa town located in Western Bohemia gained its reputation thanks to the discovery of hot mineral springs back in the Middle Ages. The mineral waters are used mainly for drinking cures which are most important part of the spa treatment. Today there are 12 hot springs in use here, and you have the chance to taste them. The best-known spring is named Vridlo – a hot spring that spouts its curative water to a height of 17 m. There have been many famous people among the visitors: Ludwig van Beethoven, Frederic Chopin, Franz Liszt, Johann Wolfgang Goethe, Friedrich Schiller, Alexei Tolstoy, Antonin Dvorak etc. The town is situated about 130 km from Prague.

KARLŠTEJN CASTLE
The most important medieval castle built in the years 1348–1355 under the rule of Charles IV. The castle was to serve as a treasury for coronation jewels and state documents. It was altered in the Renaissance style in the 16th century and in Neo-Gothic style at the end of the 19th century. In the Holy Cross Chapel there is a unique collection of 129 gothic desk paintings by Master Theodoricus from 1360.

KOKOŘÍN CASTLE
Gothic castle built by Hynek Berka of Dubá in the second half of the 14th century. The castle was severely damaged during the Hussite wars. Later it was restored in Late Gothic style. It fell into disuse from the 17th century and became a ruin attracting romantic poets and painters. At the beginning of the 20th century it was rebuilt in neo-Romantic style. The castle inspired the well-known Czech romantic poet Karel Hynek Mácha to write his novel called Gypsies. The guided tour will take you to the historical romantic
interiors, the castle ramparts and the tower. In the surroundings of the castle there are beautiful sandstone rocks of different shapes – overhangs, small caves, rock windows, and also the lids called “Kokořínské Pokličky”.

KONĚPRUSY CAVES (KONĚPRUSKÉ JESKYNĚ)

The caves are situated in Central Bohemia, 7 km South of Beroun, in the middle of the nature reserve of Czech Karst, not far from the castles of Křivoklát and Karlštejn. The caves were discovered in 1950 and opened to the public in 1959. The caves originated in 400-million-year-old Devon calcite rocks, consist of three levels to be found 70 m under the ground-level, and are over 2 km long (the accessible part is 620 m long).

KONOPIŠTĚ CASTLE

The castle used to belong to the heir of the Habsburg throne Ferdinand d’Este. Originally a Gothic castle built in the 14th century, it was rebuilt in the 19th century, and houses fascinating collections of historical weapons, furniture, paintings and tapestries. The castle is situated 50 km from Prague.

KŘIVOKLÁT CASTLE

The royal castle Krivoklat was first mentioned around 1100 A.D. Today’s building is from the late 13th century. It was enlarged and fortified at the end of the 14th century. Thanks to all these renovations and additional buildings, the castle shows all the phases of Gothic style. The castle is situated 50 km from Prague.

KUTNÁ HORA

Thanks to the prosperous silver mines, Kutná Hora became, after Prague, the second most important town of the kingdom Bohemia in the Middle Ages.
There are plenty of precious Gothic constructions such as St. Barbara’s Cathedral (1388 to 1565), one of the most beautiful Czech Gothic buildings, the Italian Court (Vlašský dvůr) with its Royal Mint, where the famous Prague Groschen were minted, the Stone House, the St. James’ Church etc. On request you can also visit the Ossuary. Kutná Hora was declared a part of world heritage and since then has been protected by UNESCO. The town is situated 70 km from Prague.

MARIÁNSKÉ LÁZNĚ (MARIENBAD)

Mariánske Lázně is the Czech Republic's second biggest spa town. It has 40 healing springs effective in the treatment of diseases of the kidneys and urinary tract, the respiratory tract, nervous disorders and diseases of the motor organs. It is a lovely resort located in a valley surrounded by forests. Mariánské Lázně has numerous 19th century buildings, large parks, well-marked paths to the nearby forests and lakes, and perhaps the best 18-hole golf course in the country.

OLOMOUC

The town is the cultural and historical centre of North Moravia. It has a castle built in 1055. The local bishopric was established in 1063. In 1306, Olomouc was the scene of dramatic events when the last member of the Premyslid dynasty, Wenceslas III, was murdered here. Until 1641, Olomouc was the capital of Moravia. Later, Brno became more important. Olomouc University (now known as Palacký University), was founded in 1566, moved to Brno in 1778, and returned here in 1946. The main sights include the Town Hall, founded in 1378, St. Wenceslas Cathedral, built in 1109 and later renovated, an 18th century fortress, as well as many old town houses and churches of various styles. Olomouc has the status of a historic urban reserve. The town has three theatres and a symphony orchestra. It is an important railway junction, and an industrial centre, known also for its cheeses. The annual Flora Exhibition of plants takes place here.

TELČ

One of the most beautiful historic towns in the Czech Republic, listed as a landmark protected by the UNESCO. The original 12th century village was extended in the 13th century, and became a fortress surrounded by fishponds and water moats. It has had the status of a town since 1258. Despite later additions, the centre of the town has preserved its medieval character. The historic square is lined with Gothic, Renaissance and Baroque town houses with richly decorated gables and arcades. Other highlights include a 16th century Renaissance chateau, a Gothic church and remains of the original fortifications.

TEREZÍN GHETTO MUSEUM

The former garrison town - originally built by Emperor Joseph II as part of an ingenious system of military fortresses for a protection of the kingdom at the end of the 18th century – was completely changed and converted into Jewish Ghetto and a concentration camp by the Nazis during the World War II. Terezin is situated about 60 km from Prague.

COST OF LIVING

The cost of living in the Czech Republic is on average comparable to that of other Central and East European countries. A single student is advised to have available approximately Kč 9 000 (app. 340 EUR) per month to cover food, basic transport and accommodation.

- **Rent**: CZK 3,000–7,000
- **Food**: CZK 3,800–4,200
- **Transport**: CZK 250–300
- **Leisure Time**: CZK 700–2,000
- **Total**: CZK 7,750–13,500

Be aware that the level of rent varies depending on which city you live in, whether you use the University dormitory or private place and if you share the flat or not. The final cost of living, of course, depends on your personal spending habits.

MONEY AND BANKING

MONEY

The currency is the Czech crown (Koruna česká – Kč/CZK). The following denominations are in circulation:

- **Notes**: 100; 200; 500; 1,000; 2000 and 5,000 Kč
- **Coins**: 1, 2, 5, 10, 20 and 50 Kč

Be careful when using exchange offices. Many of them target tourists, particularly in Prague, and you may end up paying a high commission or getting a bad rate without even knowing about it. Be aware of changing money on the street. The purpose of this practice is not to exchange money, but to steal it from you. Do not carry large amounts of cash with you. Carry a credit card and take money out of an ATM as you go. You can also use your card to make payments. Major credit cards are accepted in most locations. Always try to pay in Czech crowns, even though euros are accepted at businesses such as the Tesco department store and some restaurants, the
exchange rate is not always favourable. You will receive change in Czech crowns.

BANKS

There are branches of all the main Czech as well as foreign banks such as:

ČSOB
https://www.csob.cz/portal/people

Komerční banka
www.kb.cz/en

Česká spořitelna
www.csas.cz

Citibank
www.citibank.com

Raiffeisenbank
www.rb.cz

and other smaller branches where you can open an account. Bank opening hours are generally 8 a.m. to 5 p.m. Monday to Friday and some banks are open on Saturday mornings. Nearly all banks have 24-hour ATM and a foreign exchange desk where you can exchange a wide range of foreign currencies and travellers cheques.

FOOD AND SHOPPING

FOOD

Food is generally cheaper to buy in supermarkets than in small shops. Shops are generally open 8 a.m. to 6 p.m. Monday to Friday. Various small shops and supermarkets stay open late at night. Generally small shops are closed on Sundays but larger stores and supermarkets are usually open for part of the day. To give you an idea of cost,
a loaf of bread costs about CZK 25, fresh milk costs about CZK 22 a litre and butter about CZK 50.

**TIPPING**

Tipping is normally expected in restaurants, bars but also at hairdresser’s, barber’s and others providing such services. Tip approximately 10 %, rounded up to the next 10 crowns. However, you should not leave change on the table – it’s just not done. Instead, name the total amount you intend to pay, including the tip, when you are given the bill.

**POST, MAIL AND TELECOMMUNICATION**

**THE POST OFFICE (POŠTA)**

It delivers letters and parcels directly to your address. If you wish to send letters you can use any of the many orange post-boxes scattered throughout the city.

Stamps for letters posted to addresses in the Czech Republic cost 19 CZK. Basic postal rates to Europe are currently CZK 39 (postcards and letters up to 50 g). Basic airmail rates to overseas destinations (America, etc.) are CZK 45 (postcards and letters up to 50g). Stamps and information about the parcel-post and other postal services can be obtained at any local Post Office (8 am to 7 pm from Monday to Friday; 9 am – 11 am on Saturday). Some shops also sell stamps.

The main post office is situated in Jindřišská Street No. 14 in Prague 1, just a few meters from Wenceslas Square (Václavské náměstí). The office is open from 2.00 to 24.00, although it operates a reduced service during the night. Information: +420 954 292 102

**TELEPHONES**

The country code for calling the Czech Republic is 00420 or +420. Since 2002 there are no city codes. Within the Czech Republic you just dial the 9-digit number. Telephone boxes on the street are usually glass structures with blue
roofs, and may be found all over the country. Phones are also located at metro stations and major post offices.

When you are calling from a public phone you will need coins or a telephone card, which you insert into a slot in the lower part of the telephone. Follow the prompts on the displays which are always available in several languages. Telephone cards are available from the O2 branches or from some newsagent’s shops.

Currently three major mobile telephone network operators function in the Czech Republic: O2, T-mobile and Vodafone. All of them offer prepaid SIM cards for reasonable prices. There are several types of these SIM cards with various amount of credit.

**DRIVING IN THE CZECH REPUBLIC**

When visiting the Czech Republic, you may drive a car if you are a holder of a Czech driver’s license, other EU member country or Norway / Iceland / Switzerland / Liechtenstein issued driver's license, or a holder of a non EU-
country driver's license that complies with the conditions specified in the Convention on Road Traffic (Vienna 1968). Otherwise, you will need an international driver's license that meets the requirements prescribed in either of the following international agreements:

- Agreement on Road Transportation signed in Geneva on September 19, 1949 (enclosure No. 10)
- Agreement on Road Traffic signed in Vienna on November 8, 1968 (enclosure No. 6)
- The EU Committee's Guidelines No. 91/439 of July 29, 1991, on driver's licenses

For more information, visit the following website: https://europa.eu/youreurope/citizens/vehicles/driving-licence/driving-licence-recognition-validity/index_en.htm

**DOCUMENTS**

Always carry your documents – driving license, identification card, and vehicle registration documents with you in your car as it may cost you a fine if you do not have them. You must purchase a sticker to travel on Czech motorways. You can buy an annual, 1-month, or 10-day passes, they are available at border crossings, post offices and larger gas stations. Place the sticker on the lower right corner of the windshield (as viewed from the driver's seat). Rented cars will have this sticker already.

The Czech Republic has a ZERO tolerance law for driving with any alcohol in your bloodstream. Doing so is punishable by an on-the-spot fine. Use of a seatbelt is required. Children under 12 may not ride in the seat next to the driver. All motor vehicles must keep their road headlights on at night and day, all year round. If you are involved in a traffic accident, do not leave the scene. You must wait until the police arrive to conduct a full investigation. Call 112 or 158 to report the accident and any injuries.
